

QUALITY POLICY

Huber Parking UK Limited

Huber Parking provide multi storey car parks and project management services which meet or exceed the requirements and expectations of our clients. HUBER actively pursues ever-improving quality via processes which enable each employee to do their job right the first time and every time.

Huber Parking strive to:

- Design multi storey car parks which meet the bespoke needs of our clients.
- Build multi storey car parks which meet or exceed industry standards and requirements, and comply with client specifications.
- Deliver all projects within the agreed programme and budget.
- Minimise the disruption caused to the client, the neighbours, and the environment by the construction process.
- Minimise health and safety incidents.
